Munshiram Manoharlal Publishers Pvt. Ltd., 1979. Hardcover. Book Condition: New. First. 15 X 23. This book **Marxian Ethics: Some Preliminary Considerations**, is an attempt to explore the meaning and significance of some of the basic formulations of Marxian thought and ideology with a view to cull the ethical dimensions implicitly embedded in Marx's theoretical framework. The work is important in view of the fact that there are extreme divergences and contradictions in the interpretations of Marxism leading to a controversy between the exponents of scientific and philosophico-ethical aspects of Marxism. The work presupposes a few basic questions in the context of Marx's concern for ethics and morality. Is Marx advocating a moral principle which must be confronted to or is he seeking a goal realization? Is he concerned with a sociological analysis of factors in the decline or rise of moral values or is he visualizing an ideal state of affairs which ought to come into existence? The language of morality cannot be understood except against the background of certain norms of social existence. Marx, according to the author, is not only confronted with the moral problem but, indeed, forces the moral question on us. The author maintains that Marx's entire social philosophy flows from his radical and revolutionary views on reality as manifested in his state of alienation-a concept which according to her lies at the heart of Marx's social and moral analysis. The author grapples with the question why Marxism is accepted almost as a religion by the countless millions of people. It is because it looks at and tries to solve the riddles of man's existence from a moral point of view? The author discusses the relevance of man's relation to nature, history and society and tries to view it from a valuational standpoint which incorporates within...
