Astie has always been different. Her 12th birthday is looming

and she still has not decided on her thesis. All the Learners at

the Hub picked theirs years ago. If it wasn't for her cousin,

Jakob, life would be unbearable on Elemental Island. On the

verge of being diagnosed with Social Syndrome, she stumbles

upon Danny who has landed in a forbidden flight machine. To

protect him, Astie persuades Jakob to tamper with the

Overseer's memory. On the run from the Monitors together,

Astie calls on her unique qualities to forge a friendship with the

stranger and discover his reason for coming to the island.

What she finds will shake the foundations of the place she calls

home. Set on a secretive island utopia where science and logic

rule, this intriguing novel explores and celebrates differences in

people from an alternative perspective. It is engaging reading

for children aged 8-13.
