You re busy answering calls, making schedules, filling out forms, attending meetings, doing evaluations, and making reports. You care about the kids and you want to do something engaging, productive, and useful in your time with them. They can be hard to reach and teach, children with Autism Spectrum Disorder, ADHD, or Serious Emotional Disturbance. The difficulties these children have with emotional and behavioral control can be devastating to their futures and highly disruptive in their families, friendships, and classrooms. You need ready to go forms, templates, and strategies. Lists of resources, handouts for teachers and parents, reviews of games and books that can help you help them would be great too. Either in private practice or employed in a school, just starting or just looking for more tricks and new tools, now you can get what you need. Start creating successful, observable behavioral and emotional outcomes.
