## THE MYSTERIOUS GREENFIELD WOODS: A NERVE RACKING THRILLER AND HAUNTING LOVE STORY (PAPERBACK)

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The author talks about the mysterious and esthetic love of a young man Sam that engraves readers and takes them into a different dimension of love. The author keeps his roots of Indian origin and speaks playfully about the tender things people feel in love. The author depicts the nervousness one feels when being close to someone they love and at the same time talks about the ecstasy of being able to communicate to one another through one's body in a way that no words can do. The author takes his readers on a journey to the mysterious outer world filled with unearthly creatures. This book is not for faint hearted. Humans are dragged out of their dwelling places and taken to the outer world where they are brutally slaughtered by unknown beast creatures. The author talks about the heart ripping, soul screaming and painful death that the captured human beings go through. The author talks about creatures like Malabara, the four handed big white monster with red eyes, wicked faces and bad breaths raping the beautiful Glacian leader Hermoine. Hermoine, a beautiful black horse with an upper human body like a Latino diva having huge blossoms, uses her Kiss of Death to escape from them. The author takes his readers into a dark world of witches that haunt Sam. It would be scary for the readers to read it at night. Better watch your back somebody might be standing right behind you that could be a creepy burnt guy cutting his own neck. And, also do not forget to look down to check if any granny with long hair and a wicked smile is sitting by...
