HarperCollins Publishers Inc, United States, 2011. Paperback. Book Condition: New. 201 x 135 mm. Language: English . Brand New Book. Richard Dennis, the Prince of the Pits , a man who d already made a fortune on the Street, was convinced that great trading wasn t a gift from God, but something that could be taught to anyone. So one day he made a bet with his partner, and ran a classified ad in the Wall Street Journal looking for trainees. And he didn t just hire finance professionals: his trainees - who became known as the Turtles - included an actor, a security guard, two professional blackjack players, a pianist, a fantasy game designer, and others. After two weeks of training, he set them loose, with a \$1 million bankroll each to invest as they chose, and the right to keep a share of their trading gains for themselves, as long they adhered to the Turtle system.By the time the program ended, Dennis and his partner had made over \$120 million - from trades made by complete novices. Many of these Turtles then went on to trade for themselves, and some are among the top investors operating today. As fascinating as Dannis and the Turtles story is, Covell doesn t stop there. He lays out, in detail, the exact system the Turtles used to reap their millions. And because the Turtle system is a form of so-called technical investing, meaning the Turtles weren t concerned about the fundamentals of the investments they made, it is an investing strategy where a Wall Street operator, plugged into the second-by-second madness of finance, has no advantage over an ordinary investor.And Covell takes us step-by-step through all the details needed to apply this at home. In Turtletrader , Michael W. Covell, author of...
